Canon

imageFORMULA P-215 –
your essential partner for high-performance scanning, anywhere

The most productive USB-powered scanner in its class, the P-215 is true plug-and-scan for both Mac and Windows users.

B&W SPEED	COLOUR SPEED	DAILY DUTY CYCLE	AUTOMATIC DOCUMENT FEEDER
15ppm	10ppm	500 scans/day	20 sheets

Fast, USB-powered scanning

The sophisticated imageFORMULA P-215 offers the fastest USB-powered scanning in its class with duplex speeds of up to 30 images per minute, and can be achieved using just a single USB cable connection. Its 20-sheet Automatic Document Feeder enables fast batch scanning, ideal for executives who need to process signed contracts and close deals.

Space saving and lightweight

The P-215 is extremely stylish with a sleek black and silver design. Its small footprint makes it easy to place on busy desktops, in drawers or use in the home. Weighing approximately 1kg it is the perfect accessory for mobile executives to fit into a briefcase or laptop bag.

Versatile media handling

The P-215 can scan a variety of media ranging from traditional A4 to irregular sized documents and photos. It also features a front facing switch back card slot ideal for scanning plastic ID and embossed cards.

Plug-and-scan convenience with CaptureOnTouch Lite

The P-215 is extremely simple to use – just connect with a USB cable and start scanning! CaptureOnTouch Lite software is built into the P-215 so there is no need to download additional drivers or software, it's simply plug-and-scan.

High quality imaging

High quality imaging is made possible through Canon's proven image processing technology that allows for high resolution scanning up to 600dpi. Image clarity can be further enhanced by colour dropout, moire reduction and advanced text enhancement II – perfect to ensure superb scan quality and ideal for creating searchable PDFs.
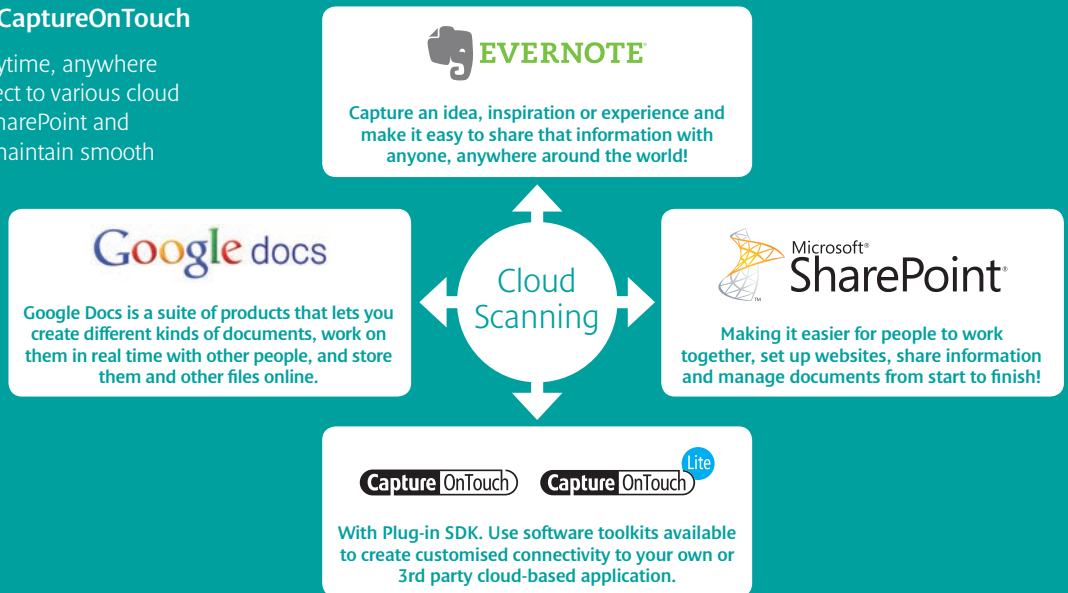

Easily create new solutions

Software Development Kits for CaptureOnTouch and CaptureOnTouch Lite make it possible to build applications that integrate directly with the P-215 to create new workflow solutions.
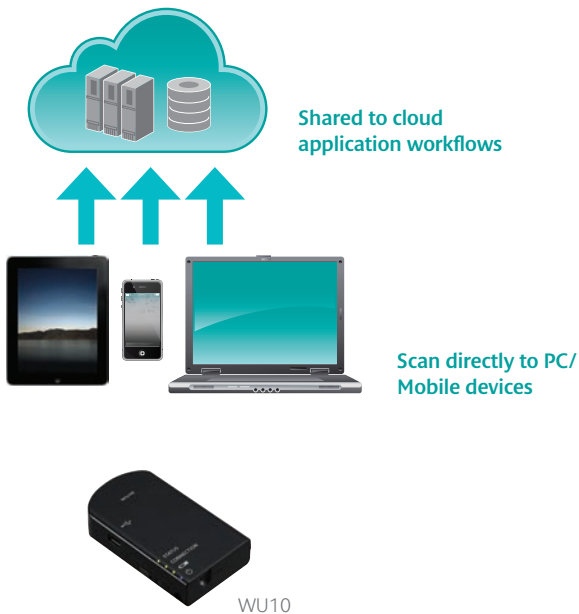

Scan direct to the cloud with CaptureOnTouch

For the ultimate convenience of anytime, anywhere document access you can scan direct to various cloud services. These include Evernote, SharePoint and Google Docs™. It's a good way to maintain smooth and efficient workflows.

EVERNOTE®

Capture an idea, inspiration or experience and make it easy to share that information with anyone, anywhere around the world!

Google docs

Google Docs is a suite of products that lets you create different kinds of documents, work on them in real time with other people, and store them and other files online.

Cloud Scanning

Microsoft® SharePoint®

Making it easier for people to work together, set up websites, share information and manage documents from start to finish!

Capture OnTouch   **Capture OnTouch Lite**

With Plug-in SDK. Use software toolkits available to create customised connectivity to your own or 3rd party cloud-based application.

Scan direct to smart devices with Wi-Fi option

WiFi CERTIFIED

Shared to cloud application workflows

Scan directly to PC/ Mobile devices

WU10

Optional Wi-Fi unit WU10

The Wi-Fi unit WU10 enables wireless scanning to mobile devices without the need to connect via cable to a network point. Businesses can also set-up wireless scanning to desktop PCs when the Canon Wireless Scanner Connection Utility is installed. The WU10 comes with a rechargeable lithium ion battery and when fully charged you can scan up to 400 images. Simply connect via USB to your Canon mobile scanning device and enjoy fast mobile scanning without compromising on performance.

CaptureOnTouch Mobile App

Scan direct to your iPhone®, iPad® and Android device with the free CaptureOnTouch Mobile App. It comes with advanced image processing tools such as automatic size detection, deskew and skip blank page – giving consistently superior image quality results.

Download free CaptureOnTouch Mobile App from Google Play (Android user) and Apple App Store (iOS user).

Software

The P-215 includes ISIS & TWAIN drivers for Windows, and TWAIN drivers for the Mac. These allow easy interaction with your standard imaging application. It also has a full-suite of software applications to help users work more effectively.

Win&Mac Hybrid

Capture OnTouch W M

Fast and accurate scanning via an intuitive user-interface. It incorporates Full-auto mode for simplified scanning and supports scanning to a desktop/laptop PC in multiple file formats including PDF, PDF/A, TIFF, JPEG, BMP and PowerPoint (PPTX) – helping you to maintain a smooth and efficient workflow.

Capture OnTouch Lite W M

Offers unique portability and convenience on the move. The software is built into the P-215 allowing for fast and effortless connectivity without the need to install any drivers or application software.

PaperPort® W

This file management application is renowned for being intuitive and user-friendly, making it easy to store, organise and retrieve your digital documents.

Presto! PageManager M

Simple but powerful filing software for mac users that enables you to store, organise and edit your digital documents.

Presto! BizCard W M

Scan business cards to convert and organise important information into a searchable database.
